

Protein ID	Interaction Name	Species	Interaction Type	Interactor Type
P01009	LGALS3 interacts with SERPINA1	Homo sapiens	physical association	protein - protein
P01009	RB1 interacts with SERPINA1	Homo sapiens	physical association	protein - dna
P01009	NCOA2 interacts with SERPINA1	Homo sapiens	physical association	protein - dna
P01009	SERPINA1 interacts with ADAMTS4	Homo sapiens	physical association	protein - protein
P01009	HNF1A interacts with SERPINA1	Homo sapiens	physical association	protein - dna
P01009	ECHS1 physically interacts with SERPINA1	Homo sapiens	physical interaction	protein - protein
P01009	ZNF558 interacts with SERPINA1	Homo sapiens	physical association	protein - protein
P01009	RCHY1 physically interacts with SERPINA1	Homo sapiens	physical interaction	protein - protein
P01009	SDC2 physically interacts with SERPINA1	Homo sapiens	physical interaction	protein - protein
P01009	SERPINA1 interacts with VCP	Homo sapiens	physical association	protein - protein
P01009	SERPINA1 interacts with KLK3	Homo sapiens	physical association	protein - protein
P01009	SERPINA1 interacts with CANX	Homo sapiens	physical association	protein - protein
P01009	PRSS3 interacts with SERPINA1	Homo sapiens	physical association	protein - protein
P01009	SERPINA1 physically interacts with PRTN3	Homo sapiens	physical interaction	protein - protein
P01009	PI3 physically interacts with SERPINA1	Homo sapiens	physical interaction	protein - protein
P01009	SERPINA1 physically interacts with LOC780933	Homo sapiens/Bos taurus	physical interaction	protein - protein
P01009	SERPINA1 interacts with MIS12	Homo sapiens	physical association	protein - protein
P01009	SERPINA1 physically interacts with KLK13	Homo sapiens	physical interaction	protein - protein
P01009	SERPINA1 interacts with OS9	Homo sapiens	physical association	protein - protein
P01009	GZMM interacts with SERPINA1	Homo sapiens	physical association	protein - protein
P01009	Cleavage reaction involving GZMM and SERPINA1	Homo sapiens	protein cleavage	protein - protein
P01009	SSR1 interacts with SERPINA1	Homo sapiens	physical association	protein - protein
P01009	HNF4A interacts with SERPINA1	Homo sapiens	association	protein - dna
P01009	GSDMB physically interacts with SERPINA1	Homo sapiens	physical interaction	protein - protein
P01009	ATP5C1 physically interacts with SERPINA1	Homo sapiens	physical interaction	protein - protein
P01009	E2F4 interacts with SERPINA1	Homo sapiens	physical association	protein - dna
P01009	FN1 interacts with SERPINA1	Homo sapiens	physical association	protein - protein
P01009	SERPINA1 physically interacts with RAP2A	Homo sapiens	physical interaction	protein - protein
P01009	DERL1 interacts with SERPINA1	Homo sapiens	physical association	protein - protein
P01009	SERPINA1 physically interacts with LOC100848132	Homo sapiens/Bos taurus	physical interaction	protein - protein
P01009	SERPINA1 physically associates with SERPINA1	Homo sapiens	physical association	protein - protein
P01009	CTSG interacts with SERPINA1	Homo sapiens	physical association	protein - protein
P01009	HNF4A interacts with SERPINA1	Homo sapiens	physical association	protein - dna
P01009	ERLEC1 interacts with SERPINA1	Homo sapiens	physical association	protein - protein
P01009	SERPINA1 interacts with DERL2	Homo sapiens	physical association	protein - protein
P01009	SERPINA1 physically interacts with SMAD4	Homo sapiens	physical interaction	protein - protein
P01009	SERPINA1 physically interacts with VKORC1	Homo sapiens	physical interaction	protein - protein
P01009	UBC interacts with SERPINA1	Homo sapiens	physical association	protein - protein
P01009	Complex of 3 interactors	Homo sapiens/Bos taurus	physical association	protein - protein
P01009	Cleavage reaction involving LOC780933 and SERPINA1	Bos taurus/Homo sapiens	cleavage	protein - protein
P01009	SERPINA1 interacts with LRP1	Homo sapiens	physical association	protein - protein
P01009	SERPINA1 interacts with HNF1A	Homo sapiens	physical association	protein - dna
P01009	SERPINA1 interacts with HNF4A	Homo sapiens	physical association	protein - dna
P01009	ELANE interacts with SERPINA1	Homo sapiens	physical association	protein - protein
P01023	IGSF8 physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	RNF32 physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	LGALS3 interacts with A2M	Homo sapiens	physical association	protein - protein
P01023	H2AFX interacts with A2M	Homo sapiens	physical association	protein - protein
P01023	EXOSC1 physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	FIS1 physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	A2M physically interacts with SEPT8	Homo sapiens	physical interaction	protein - protein
P01023	EGLN2 physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	LCAT physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	A2M interacts with CFTR	Homo sapiens	physical association	protein - protein

P01023	SMN1	interacts with A2M	Homo sapiens	physical association	protein - protein
P01023	MLST8	physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	NOS3	physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	A2M	interacts with MMP2	Homo sapiens	physical association	protein - protein
P01023	CDC37	physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	A2M	physically interacts with H2AFX	Homo sapiens	physical interaction	protein - protein
P01023	A2M	interacts with TP63	Homo sapiens	physical association	protein - protein
P01023	NCDN	physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	LCAT	interacts with A2M	Homo sapiens	physical association	protein - protein
P01023	ECSIT	physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	APP	physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	PRDX2	physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	A2M	physically interacts with GEM	Homo sapiens	physical interaction	protein - protein
P01023	IL1B	interacts with A2M	Homo sapiens	physical association	protein - protein
P01023	IL10	physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	ADAMTS1	interacts with A2M	Homo sapiens	physical association	protein - protein
P01023	A2M	interacts with GZMA	Homo sapiens	physical association	protein - protein
P01023	PAEP	physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	A2M	interacts with KLK3	Homo sapiens	physical association	protein - protein
P01023	ELAVL3	physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	CYP2C8	physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	ATP1A1	physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	A2M	interacts with LGALS8	Homo sapiens	physical association	protein - protein
P01023	A2M	interacts with NUDT21	Homo sapiens	physical association	protein - protein
P01023	Cleavage reaction involving ADAMTS7 and A2M		Homo sapiens	protein cleavage	protein - protein
P01023	Cleavage reaction involving ADAMTS12 and A2M		Homo sapiens	protein cleavage	protein - protein
P01023	A2M	interacts with LGALS9	Homo sapiens	physical association	protein - protein
P01023	A2M	physically interacts with RAP1B	Homo sapiens	physical interaction	protein - protein
P01023	FBXW4	physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	A2M	physically interacts with CDC42	Homo sapiens	physical interaction	protein - protein
P01023	TTR	interacts with A2M	Homo sapiens	physical association	protein - protein
P01023	A2M	physically interacts with HSPA5	Homo sapiens	physical interaction	protein - protein
P01023	A2M	interacts with APP	Homo sapiens	physical association	protein - protein
P01023	APOE	physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	Colocalization of A2M and ACTB :: SLC25A5 :: SLC25A6 :: MA		Homo sapiens	colocalization	protein - protein
P01023	A2M	physically interacts with CDK2AP2	Homo sapiens	physical interaction	protein - protein
P01023	A2M	physically interacts with TSC22D1	Homo sapiens	physical interaction	protein - protein
P01023	A2M	physically interacts with TTR	Homo sapiens	physical interaction	protein - protein
P01023	IL4	physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	NGF	physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	CYP2C18	physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	A2M	interacts with TNFRSF14	Homo sapiens	physical association	protein - protein
P01023	PRAM1	physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	MGEA5	physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	RAB3A	physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	A2M	interacts with TGIF1	Homo sapiens	physical association	protein - protein
P01023	SHBG	physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	FBXL12	physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	A2M	interacts with TK1	Homo sapiens	physical association	protein - protein
P01023	LONP1	physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	ELANE	interacts with A2M	Homo sapiens	physical association	protein - protein
P01023	A2M	physically interacts with TNFRSF14	Homo sapiens	physical interaction	protein - protein
P01023	A2M	physically interacts with MMP2	Homo sapiens	physical interaction	protein - protein
P01023	STAMBPL1	physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	A2M	physically interacts with CDKN1A	Homo sapiens	physical interaction	protein - protein

P01023	SWSAP1 physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	A2M interacts with AMBP	Homo sapiens	physical association	protein - protein
P01023	HIPK1 interacts with A2M	Homo sapiens	physical association	protein - protein
P01023	PAXIP1 physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	RAP1B interacts with A2M	Homo sapiens	physical association	protein - protein
P01023	A2M physically interacts with KLK13	Homo sapiens	physical association	protein - protein
P01023	CDK7 interacts with A2M	Homo sapiens	physical association	protein - protein
P01023	A2M physically interacts with MAST1	Homo sapiens	physical interaction	protein - protein
P01023	MAPK6 interacts with A2M	Homo sapiens	physical association	protein - protein
P01023	C11orf58 interacts with A2M	Homo sapiens	physical association	protein - protein
P01023	A2M physically interacts with HMOX2	Homo sapiens	physical interaction	protein - protein
P01023	A2M physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	CDK11A interacts with A2M	Homo sapiens	physical association	protein - protein
P01023	A2M physically interacts with TK1	Homo sapiens	physical interaction	protein - protein
P01023	ENO2 physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	A2M interacts with TSC22D1	Homo sapiens	physical association	protein - protein
P01023	AP1M2 physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	A2M physically interacts with TGM2	Homo sapiens	physical interaction	protein - protein
P01023	TRAPPC5 physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	MYOC physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	A2M physically interacts with RPP14	Homo sapiens	physical interaction	protein - protein
P01023	Complex of 3 interactors	Homo sapiens	cleavage reaction	protein - protein
P01023	IFIT5 physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	ACTB physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	A2M interacts with HMOX2	Homo sapiens	physical association	protein - protein
P01023	GCDH physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	A2M physically interacts with CPB2	Homo sapiens	physical interaction	protein - protein
P01023	IFIT3 physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	SEPT8 interacts with A2M	Homo sapiens	physical association	protein - protein
P01023	RETN physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	APOE interacts with A2M	Homo sapiens	physical association	protein - protein
P01023	TYRO3 physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	A2M physically interacts with NUDT21	Homo sapiens	physical interaction	protein - protein
P01023	FARSA physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	A2M physically interacts with SMN1	Homo sapiens	physical interaction	protein - protein
P01023	LEP physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	EVI5L physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	A2M interacts with IL8	Homo sapiens	physical association	protein - protein
P01023	A2M interacts with CDKN1A	Homo sapiens	physical association	protein - protein
P01023	A2M interacts with IL10	Homo sapiens	physical association	protein - protein
P01023	RHEB physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	RAD23A physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	A2M physically interacts with B2M	Homo sapiens	physical interaction	protein - protein
P01023	A2M physically interacts with TGF1	Homo sapiens	physical interaction	protein - protein
P01023	UMPS physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	DNAJB1 physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	A2M interacts with IL2	Homo sapiens	physical association	protein - protein
P01023	IL6 interacts with A2M	Homo sapiens	physical association	protein - protein
P01023	A2M interacts with TNF	Homo sapiens	physical association	protein - protein
P01023	A2M interacts with ANXA7	Homo sapiens	physical association	protein - protein
P01023	A2M interacts with TGFB2	Homo sapiens	physical association	protein - protein
P01023	PDGFB interacts with A2M	Homo sapiens	physical association	protein - protein
P01023	PAEP interacts with A2M	Homo sapiens	association	protein - protein
P01023	A2M interacts with TGFB1	Homo sapiens	physical association	protein - protein
P01023	A2M physically interacts with GRB2	Homo sapiens	physical interaction	protein - protein

P01023	A2M interacts with FGF2	Homo sapiens	physical association	protein - protein
P01023	A2M interacts with NGF	Homo sapiens	physical association	protein - protein
P01023	ATF7IP interacts with A2M	Homo sapiens	physical association	protein - protein
P01023	A2M physically interacts with C11orf58	Homo sapiens	physical interaction	protein - protein
P01023	A2M physically interacts with UFD1L	Homo sapiens	physical interaction	protein - protein
P01023	A2M physically interacts with ANXA7	Homo sapiens	physical interaction	protein - protein
P01023	A2M interacts with CDK2AP2	Homo sapiens	physical association	protein - protein
P01023	TUBA1B physically interacts with A2M	Homo sapiens	physical interaction	protein - protein
P01023	A2M interacts with RPP14	Homo sapiens	physical association	protein - protein
P01023	A2M interacts with LRP1	Homo sapiens	association	protein - protein
P01023	A2M interacts with UFD1L	Homo sapiens	physical association	protein - protein
P01023	Complex of 34 interactors	Homo sapiens	colocalization	protein - protein
P01023	A2M interacts with IL4	Homo sapiens	physical association	protein - protein
P01023	A2M interacts with IL18	Homo sapiens/Mus musculus	physical association	protein - protein
P01023	A2M interacts with IL6	Homo sapiens/Mus musculus	physical association	protein - protein
P01023	A2M interacts with Tnf	Homo sapiens/Mus musculus	physical association	protein - protein
P01023	FBXO6 interacts with A2M	Homo sapiens	physical association	protein - protein
P02768	OBSL1 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	CROT interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	PRSS3 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	HBA2 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	ALB physically interacts with NR5A2	Homo sapiens	physical interaction	protein - protein
P02768	PLAG1 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	SPAST interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	Complex of 247 interactors	Homo sapiens	association	protein - protein
P02768	KRT14 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	APOA1 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	DERL1 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	RLF interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	AP4E1 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	PARK2 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	ALB physically associates with ALB	Homo sapiens	physical association	protein - protein
P02768	ITGA2 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	PPBP interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	KRT16 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	RYR2 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	SLC25A13 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	RANBP3 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	EXOC6 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	CEP44 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	CLCA2 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	FN1 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	IGHG2 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	LAT interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	Complex of 103 interactors	Homo sapiens	physical association	protein - protein
P02768	HP interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	APOA2 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	OR3A2 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	KAT2B interacts with ALB	Homo sapiens	physical association	protein - dna
P02768	ELP3 interacts with ALB	Homo sapiens	physical association	protein - dna
P02768	CRB1 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	AMPD3 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	PLA2G4F interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	CAMTA1 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	QTRTD1 interacts with ALB	Homo sapiens	physical association	protein - protein

P02768	FAM71E2	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	JARID2	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	H3F3A	interacts with ALB	Homo sapiens	physical association	protein - dna
P02768	SMARCA5	interacts with ALB	Homo sapiens	physical association	protein - dna
P02768	ALB	interacts with HNF1A	Homo sapiens	physical association	protein - dna
P02768	ZNF558	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	SMARCA4	interacts with ALB	Homo sapiens	physical association	protein - dna
P02768	GSN	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	DGKG	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	TTN	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	CDC45	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	GJC2	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	AGA	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	OR2T6	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	ALB	interacts with CEBPB	Homo sapiens	physical association	protein - dna
P02768	SLA2	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	ALB	interacts with UBD	Homo sapiens	physical association	protein - protein
P02768	SGOL2	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	MYL4	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	IL7R	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	ALB	interacts with USP37	Homo sapiens	physical association	protein - protein
P02768	AHSG	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	HIST4H4	interacts with ALB	Homo sapiens	physical association	protein - dna
P02768	C4A	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	PCDH1	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	ITGB5	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	ALB	physically interacts with IMMT	Homo sapiens	physical interaction	protein - protein
P02768	IGHG1	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	THRAP3	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	APOE	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	APOC1	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	KRT6B	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	ZNF292	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	CFD	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	DCD	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	DICER1	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	APOC3	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	KRT1	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	ALB	interacts with YWHAG	Homo sapiens	physical association	protein - protein
P02768	CNOT1	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	GCN1L1	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	ALB	interacts with TK1	Homo sapiens	physical association	protein - protein
P02768	PAN2	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	KLK3	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	ALB	interacts with IQCB1	Homo sapiens	physical association	protein - protein
P02768	OR8D2	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	TIAM1	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	SCAF1	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	TTPAL	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	APOC4	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	KCNMA1	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	BBC3	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	DDB1	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	SETX	interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	PFDN1	interacts with ALB	Homo sapiens	physical association	protein - protein

P02768	KRT10 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	CFH interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	FCGRT physically interacts with ALB	Homo sapiens	physical interaction	protein - protein
P02768	MYLK3 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	IGDCC4 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	APP physically interacts with ALB	Homo sapiens	physical interaction	protein - protein
P02768	CDCP1 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	TFRC physically interacts with ALB	Homo sapiens	physical interaction	protein - protein
P02768	ALB physically associates with ALB	Homo sapiens	physical association	protein - protein
P02768	ST13 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	ADRA1B interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	CABLES1 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	ALB physically interacts with TK1	Homo sapiens	physical interaction	protein - protein
P02768	APOA4 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	ITIH1 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	LDB3 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	NPHS1 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	TTR interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	PF4V1 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	GABBR1 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	SLC9A8 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	PDE4B interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	F2 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	CTSL1 interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	CHKB interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	ALB interacts with UBC	Homo sapiens	physical association	protein - protein
P02768	HPX interacts with ALB	Homo sapiens	physical association	protein - protein
P02768	ALB physically interacts with PFDN1	Homo sapiens	physical interaction	protein - protein
